ARCTIC

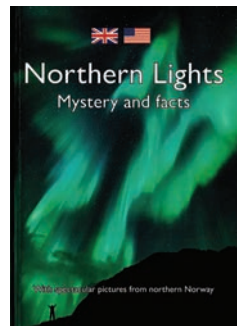

The Arctic... conjures images of cold, white, austere emptiness. But is a place of great diversity in its flora and fauna, and a place where the wondrous Northern Lights can often be experienced. It's also a place where the crisis facing our planet can be seen and felt most vividly. It is a fragile place, and a place where the interconnectedness of life is so apparent. May we feel and appreciate the ways we are connected to each other, and to this beautiful planet we call home.

2020

What a year, one we won't soon forget.

For us, our 99th year has been marked by The Virus, of course, and also the sadness and uncertainty surrounding the death of George Floyd. The subsequent unrest and damage to our beloved Lake Street and city have challenged us to continue our efforts to be a place of peace and beauty, of respect and appreciation for our cultural traditions and those of all people.

2020 has also been marked by a heartwarming outpouring of concern, kindness, and support, for us and for our community. We are so thankful for our neighbors, our wonderful staff, and for you, our customers, whether you've come for generations or are new to the family.

We send our very best wishes from the 3rd and 4th generations of the Ingebreitsen and Dahl families, our hopes that you are doing well, and our invitation to visit soon - in person or online.

Sko!! to a healthier, happier 2021!
