# Very Special

We've had fun creating this special batch of products to celebrate our 100 years - and to greet the next 100! We revisit one of our oldest logos - the vintage Viking who watched over us when we were just a meat market (1921 to 1973). Our newest one Huset (house) extends our warm welcome, from our house to yours.

## Annual Ornaments

For many years we've commissioned a local artist to design and create a special dated ornament, in the tradition of one of the Nordic arts. For this year of years, we've called on three of our favorites, and their creations are all spectacular!

# 100 Years

## One amazing century.

From our corner on East Lake Street in Minneapolis,

we have watched the ever-changing landscape of our neighborhood.

From being a pathway between the Mississippi and the lakes for the indigenous Lakota and Chippewa, to the edge of an expanding young city, to a route for the early trolley (and then bus) system, to a center of resources for a burgeoning population of Scandinavians and other Europeans, it's now the vibrant, diverse, challenged-but-always-resilient heart of south Minneapolis. Lake Street has always welcomed wave after wave of new immigrants looking to put down new roots, today being home to many Latino and African businesses. We are privileged to be a part of this special place.

And we take joyful pride in our role of keeping alive the culture and traditions of our Nordic heritage. We share a culture rich in the values of kindness and respect, for each other and our planet. Scandinavian companies have long been models of how to make products of exceptional design and quality, and we happily offer a carefully chosen selection of them.

We love supporting the work of so many of our local artists and teachers, who keep alive the wonderful art and craft and textile traditions of the homeland. And of course the food, the heart of all cultures, remains the heart of our business.

The gang that started it all... Karl & Ellen Ingebretsen (left) with 3 of 4 of their kids, Laverne, Charles Jr (Bud) & Muriel. Fourth of July 1926.

From our founding in 1921 by Karl (Charlie) Ingebretsen, an immigrant from Norway, to the second, third, and now fourth generations of the Ingebretsen and Dahl families, we have thrived and survived.

Our story is, at the heart, every immigrant story... to make better lives for the children and their children. To be part of, care for, and contribute to a community. We are profoundly grateful for the honor of continuing the story. And for our wonderful staff, who strive always to provide excellent service and deep knowledge with generosity, grace, and no end of humor!

And we are especially grateful to you, our customers and friends, for so many years of support and encouragement. We are here for you, and because of you.

We sadly honor the recently-lost lives of two of our team members. Mary Hirsch helped our marketing team reach new heights with her talent and humor - notably creating the Sunday Funnies on our Facebook page! And Cathie Carlson for many years has been our cookware buyer, created many fun new products, managed our employee flea market, fixed most everything that needed fixing - a true renaissance woman. Both good, true friends to us all. They will both, along with so many others, be part of the fabric of Ingebretsen's forever.
